Portrait Session Mood Board Assignment:
In some sort of document:

Compile 20+ portrait examples that have something of the look and feel you're interested in.
• Get examples that show good poses – you can use these to help direct your sitter/model/subject.
• Get examples that show good compositions at a variety of distances from whole person to headshot.
• Get examples that show good lighting that looks like it's coming from a window or doorway.

Add 10+ examples of clothing and props that will add to the look you're going for.

Add 10+ examples of settings and backgrounds.

Save and turn in the document via Drive.
